

PRODUCT SPECIFICATION

CATALOG NUMBER: A28080

PRODUCT:	Cytomegalovirus Monoclonal Antibody
IMMUNOGEN:	Early proteins of Cytomegalovirus
SOURCE:	Immunoglobulin from mouse ascites
FORM:	Each vial contains antibody in PBS, pH 7.4, with 0.1% sodium azide as preservative.
PURIFICATION:	Purified by chromatography on protein A Sepharose. Purity is tested by electrophoresis.
SUBCLASS:	IgG _{2a}
STORAGE CONDITIONS:	4°C
APPLICATION:	Detection of Cytomegalovirus in immunoassay. Reacts with 65 kDa protein of Cytomegalovirus in ELISA and Western Blot.
